Subject: great client feed back

It is always great to get this kind of feed back from one of our clients, good work Shelly.

Bob Childress

Hello,

I have been working with Shelly Mellomida for the last several months coordinating and setting up classes at New Horizons. In addition, other employees at my company have also been working with Shelly in facilitating training at you learning center and share my satisfaction. I would just like to say that Shelly is absolutely an excellent representative of New Horizons and her customer service exceeds any expectations that we have had. Working with her has made the New Horizons experience a pleasant one.

Thank you for you time...

Regards,
-jk

Have a Great Day!!!
