To Whom It May Concern:

I have worked with Shelly Mellomida for over 2 years while at New Horizons CLC of Sacramento. I have never seen anyone put as much care and personal interest into a clients needs as she does. She is extremely conscious of customer service. She goes above and beyond to make her each of her clients feel like they are personally very important to her, and she develops such a great trusting relationship with them, that they refuse to work with anyone else.

I have worked at New Horizons CLC of Sacramento for four years and I have never seen a woman achieve what she has in such a short amount of time. She has exceptional work ethics. She takes her job seriously and puts in as much time as necessary to accomplish what she needs to do to be successful in her business.

As a whole I believe Shelly to be one of the most dedicated people to her business and her clientele I have ever met and it shows in her sales and the rewards she receives as a valued employee.

Please feel free to call me with any questions you may have at: 916-718-0544
