Dear Shelly,

Thank you very much for the outstanding service you provided when I refinanced my home. You personally handled my loan from beginning to end with attention to details. You immediately worked on my loan and it only took less than 10 days to put together everything from the loan application, credit report, appraisal, etc. You worked expeditiously to get my application approved.

I would recommend your service to family, and friends.

Sincerely,

Leonora Foude
